## PROFILE

---

Engineering student eager to learn and experience the aerospace world up close. Has conducted numerous research and projects related to graphic design, aerodynamics and mechanics with professional programs such as Matlab, CATIA and Fortran.

Is looking forward to study a Master's Degree at Universidad Politécnica de Madrid with the purpose of refining her knowledge. Her ambition is to lead rocket launching projects and work regarding space exploration.

## HARD & SOFT SKILLS

---

- **Hard skills:** Python, Matlab, Fortran, Catia and Adobe Tools.
- **Soft skills:** help-seeking, boundary setting, emotional intelligence and taking initiative.

## EDUCATION

---

### Degree in Aerospace Engineering (GPA: 8.01/10)

2021 - Present

Expected completion: 2025

Universidad Politécnica de Madrid

Specialized in Aerospace Sciences and Technologies

### Spanish Baccalaureate (GPA: 10/10)

2019 - 2021

Alameda International School (Madrid)

Involved in a roller hockey team for eleven years

Specialized in Science and Technology

University Access Exam: 13.825/14

## LANGUAGES

---

- **Spanish:** native language
- **English:** C1 (CAE)

## PROFESSIONAL EXPERIENCE

---

### Company Internship (2025 - Present)

Led by the Instituto Nacional de Técnica Aeroespacial (INTA), assisted in the characterization and calibration of the telescopes involved in the ESA space mission PLATO.

### Private mathematics teacher (2023 - Present)

Mentored teenagers to expand their productivity with new methods of study. Adaptability to each student and personalised lessons according to their progress.
